

San Antonio Summer Camp 2017

Camp No. 1

Science Explorations For ages 6-12

Explore the world of science! Discover space travel as you prep your "egg-stronaut" for flight and build your very own flying orbiter. Design your own crash test helmet to protect your "egg-cellent" partner. Use the rays of the sun to make a tasty treat, change the color of beads, and turn a shadow into a picture. Figure out the trick of tight ropes with the help of a balancing friend. Send your friends secret messages using chemical reactions. Discover your scientific passion by exploring life, earth and physical science.

Camp No. 2

Moving With Science For ages 6-12

Discover how things move with science. Take apart pellets to see what an owl cannot digest! View the world through a camera obscura. Join a team of camper engineers and build bridges, domes, cubes and pyramids. Assemble and control pulleys, levers, catapults, and simple machines. Make your own sidewalk chalk, crystal gardens and chromatography-dyed T-shirt!

Camp No. 3

Grossology For ages 6-12

Make "brain goo" and check out your bones as you travel the organ trail. Go inside a scientist's lab and discover the secrets you've always wondered about. Make your own radical reactions, a crazy chemical clock, Mad Science mucus and more. Compare fingerprints and discover the mysteries of cells with a slimy cell model. Become a Mad Science detective by investigating the crime scene of a Mad Science mystery. Use your new forensic skills to solve the crime!

Camp No. 4

Rockin' Rockets For ages 6-12

Mad Science invites you to launch your knowledge of flight as you build your very own rockets. Experiment with different kinds of propulsion systems as you use your new knowledge to blast off, track and recover different kinds of rockets. Treat your stomach to some rocket snacks. Have a "Rockin'" good time at this rocket camp!

Camp No. 5

Wings And Things For ages 6-12

Let your imagination take flight as we join Sir Isaac Newton and prepare for aerospace adventures with his laws of motion. Design, build, and test fantastic flying creations including kites, planes, rockets, hovercrafts and more. Learn all about the Wright Brothers and their numerous contributions to aviation. Discover the star secrets of the universe with your own planisphere. Experiment with the laws of physics, gravity and motion during this amazing week of hands-on fun.

Camp No. 7

Red-Hot Robots For ages 7-12*

Join us for a week of fun with robots. Learn about the uses of robots in our world. Spend time playing with super-cool red-hot robots. Experiment with different robot designs, as you learn what makes a robot work. Use your skills to build your very own working robot to take home to "live" with you. Join us this summer in our Mad Science robot world. *This camp requires a \$30 per child supply fee.*
**For ages 7 (or entering 2nd grade) – 12.*

Camp No. 8

Spy Academy For ages 6-12

Become a Mad Science secret spy and take a fascinating journey into the world of detection, forensics and classified information. Learn code language to send secret messages as part of your mission. Go undercover and decode messages from other agents using your top secret clearance. Investigate a pretend crime scene and sift through clues to crack the case. Join the Mad Science Bureau of Investigation and sniff out forgeries and counterfeits. Take home projects include a detective kit, spy glasses and more!

Camp No. 9

Camp Eureka! For ages 6-12

This is a camp designed to inspire the inventor and scientist in you! Each day overcome challenges using basic materials, tips from world famous inventors, newly acquired science knowledge and the most important thing of all – your mind. Thomas Edison said "Invention is 10% inspiration and 90% perspiration." This camp is 100% fun!
