

Ava's Wish is pleased to announce its 4th Annual Tennies and Tiaras 5K Run on Sunday, October 29, 2017 at the Alamo Heights Pool. This is Ava's Wish's premier event, and funds raised will be used to support the ongoing patient outreach at University Hospital and other community activities. Attached you will find our various sponsorship levels, which may be customized to maximize your contribution and exposure. The Tennies and Tiaras 5k Run will receive significant media exposure, and we would love the opportunity to feature you as one of our valued sponsors.

Ava's Wish was founded amidst a tragic event in the lives of the Lopez family. On April 23, 2009, 18 month-old Ava Lopez, her 3 year-old sister Isabella, and their mother Traci were struck down by an intoxicated driver while in the front yard of their home. Ava was airlifted to University Hospital, the only Pediatric Trauma Center in San Antonio, where it was expected that she had suffered a life-ending head injury. Miraculously, she survived, and after time spent in the Pediatric Intensive Care Unit, was transferred to the Christus Santa Rosa Pediatric Inpatient Hospital for rehabilitation.

Thanks to the amazing teams of medical professionals she encountered at University Hospital and Christus Santa Rosa, Ava is alive today and continues to thrive. Through their experience, the Lopez family recognized that many children in hospitals, as well as their families, didn't have the support that they were so fortunate to receive. The mission of Ava's Wish is to provide support to pediatric patients with head trauma or other related disorders and to act as a resource for the child's family members.

Thank you for your interest and hopeful support of Ava's Wish. Should you have any questions or need additional information, please contact me directly at 210-542-4628 or email me at tracisouth@outlook.com.

It is our goal to build hope and inspiration one seed at a time!

Sincerely,

Traci Lopez
