Chapter 3

What really matters

The Profile of a Learner comes to life through the Engaged Classroom model. The student experience is enhanced through a focus on positive relationships, effective technology integration, a flexible classroom environment, and instructional best practices. Instructional coaching is provided to guide teachers as they design engaging experiences for students.

2018 Definition of Engaged Classroom

A photograph of three people on a rooftop at sunset. The sky is a mix of orange, pink, and blue. The people are seen from behind, with their arms raised in the air. The person on the left is making a rock-on hand gesture, the person in the middle has their hand open with fingers spread, and the person on the right is making a peace sign. They are standing behind a metal railing.

Chapter 4

Going back to our Profile and looking forward

What can the Profile look like in the future?

Can you see the vision?

It's still pretty foggy!

There is something glaring and obstructing my view

It's getting clearer every time we talk about it

I can see clearly! And the view is GREAT.
